**COMPLAINT AND DEMAND FOR JURY TRIAL**

1. Strict Products Liability
2. Negligent Products Liability
3. Breach of Express Warranty
4. Breach of Implied Warranty of Merchantability
5. Breach of Implied Warranty of Fitness for a Particular Purpose

1 Plaintiff, **ROSALINA DRAYTON** (hereafter referred to as “Plaintiff”), by and  
2 through her undersigned counsel, **JOHNSON BECKER, PLLC** and **HARLAN LAW,**  
3 **P.C.**, hereby submits the following Complaint and Demand for Jury Trial against  
4 Defendant **INSTANT BRANDS, INC.** (hereafter referred to as “Defendant Instant  
5 Brands“ or “Defendant”) alleges the following upon personal knowledge and belief, and  
6 investigation of counsel:

7 **NATURE OF THE CASE**

8 1. Defendant Instant Brands designs, manufactures, markets, imports,  
9 distributes and sells a wide-range of consumer kitchen products, including the subject  
10 “Instant Pot Programmable Electric Pressure Cooker,” which specifically includes the  
11 Model Number IP-DUO60 (referred to hereafter as “pressure cooker(s)”) that is at issue  
12 in this case.

13 2. Defendant touts the “safety”<sup>1</sup> of its pressure cookers, and states that they  
14 cannot be opened while in use. Despite Defendant’s claims of “safety,” it designed,  
15 manufactured, marketed, imported, distributed and sold, both directly and through  
16 third-party retailers, a product that suffers from serious and dangerous defects. Said  
17 defects cause significant risk of bodily harm and injury to its consumers.

18 3. Specifically, said defects manifest themselves when, despite Defendant’s  
19 statements, the lid of the pressure cooker is removable with built-up pressure, heat  
20 and steam still inside the unit. When the lid is removed under such circumstances, the  
21 pressure trapped within the unit causes the scalding hot contents to be projected from  
22 the unit and into the surrounding area, including onto the unsuspecting consumers,  
23 its families and other bystanders. The Plaintiff in this case was able to remove the lid  
24 while the pressure cooker retained pressure, causing her serious and substantial  
25 bodily injuries and damages.

**DEFENDANT INSTANT BRANDS, INC.**

9. Defendant designs, manufactures, markets, imports, distributes and sell a variety of consumer kitchen products including pressure cookers, air fryers, and blenders, amongst others.

10. 1 **FACTUAL BACKGROUND**

2 15. Defendant is engaged in the business of designing, manufacturing,  
3 warranting, marketing, importing, distributing and selling the pressure cooker at  
4 issue in this litigation.

5 16. Defendant aggressively warrants, markets, advertises and sells its  
6 pressure cookers as “Convenient, Dependable and Safe,”<sup>5</sup> allowing consumers to cook  
7 “healthy, tasty dishes.”<sup>6</sup>

8 17. For instance, the Defendant claims that its pressure cookers include a  
9 “safety feature to disable the cooker” and display light that “flashes ‘Lid’ if the lid is  
10 not positioned correctly.”<sup>7</sup>

11 18. To further propagate its message, Defendant has, and continues to utilize  
12 numerous media outlets including, but not limited to, infomercials, social media  
13 websites such as YouTube, and third-party retailers. For example, the following can  
14 be found on Defendant’s YouTube webpage entitled “Getting to Know Your New  
15 Instant Pot IP-DUO”:

- 16 a. “The first thing you need to know about your IP-DUO is ***that you don’t***  
17 ***need to be afraid of it***, as many people are afraid of stovetop pressure  
18 cookers.”<sup>8</sup>
- 19 b. “With 10 safety features built in, you can use your Instant Pot with  
20 confidence, ***knowing that it is not going to explode.***”<sup>9</sup>

1 c. “In addition, keep in mind that your Instant Pot operates at relatively low  
2 pressures of 11 to 12 psi or lower, depending on the pressure setting that  
3 you use.”<sup>10</sup>

4 19. In a similar video entitled “Introducing Instant Pot IP-DUO series  
5 electric pressure cooker,” spokesperson Laura Pazzaglia, founder of the website “Hip  
6 Pressure Cooking”<sup>11</sup> boasts of the pressure cookers “10 safety features,”<sup>12</sup> stating that  
7 this “new model detects the position of the lid”<sup>13</sup> and “once the lid is locked, and the  
8 contents are under pressure, there’s no way to open the pressure cooker.”<sup>14</sup>

9 20. According to the Owner’s Manual accompanying each individual unit  
10 sold, the pressure cookers purport to be designed with “10 proven safety mechanisms  
11 and patented technologies,”<sup>15</sup> misleading the consumer into believing that the pressure  
12 cookers are reasonably safe for its normal, intended use.

13 21. By reason of the forgoing acts or omissions, the above-named Plaintiff  
14 and/or her family purchased the pressure cooker with the reasonable expectation that  
15 it was properly designed and manufactured, free from defects of any kind, and that it  
16 was safe for its intended, foreseeable use of cooking.

17 22. Plaintiff used her pressure cooker for its intended purpose of preparing  
18 meals for herself and/or family and did so in a manner that was reasonable and  
19 foreseeable by the Defendant.

20 23. However, the aforementioned pressure cooker was defectively and  
21 negligently designed and manufactured by the Defendant in that it failed to properly  
22 function as to prevent the lid from being removed with normal force while the unit

1 remained pressurized, despite the appearance that all the pressure had been released,  
2 during the ordinary, foreseeable and proper use of cooking food with the product;  
3 placing the Plaintiff, her family, and similar consumers in danger while using the  
4 pressure cookers.

5         24. Defendant's pressure cookers possess defects that make them  
6 unreasonably dangerous for their intended use by consumers because the lid can be  
7 rotated and opened while the unit remains pressurized.

8         25. Further, Defendant's representations about "safety" are not just  
9 misleading, they are flatly wrong, and put innocent consumers like Plaintiff directly  
10 in harm's way.

11         26. Economic, safer alternative designs were available that could have  
12 prevented the Pressure Cooker's lid from being rotated and opened while pressurized.

13         27. Defendant knew or should have known that its pressure cookers  
14 possessed defects that pose a serious safety risk to Plaintiff and the public.  
15 Nevertheless, Defendant continues to ignore and/or conceal its knowledge of the  
16 pressure cookers' defects from the general public and continues to generate a  
17 substantial profit from the sale of its pressure cookers.

18         28. As a direct and proximate result of Defendant's intentional concealment  
19 of such defects, its failure to warn consumers of such defects, its negligent  
20 misrepresentations, its failure to remove a product with such defects from the stream  
21 of commerce, and its negligent design of such products, Plaintiff used an unreasonably  
22 dangerous pressure cooker, which resulted in significant and painful bodily injuries  
23 upon Plaintiff's simple removal of the lid of the Pressure Cooker.

24         29. Consequently, the Plaintiff in this case seeks compensatory damages  
25 resulting from the use of Defendant's pressure cooker as described above, which has  
26 caused the Plaintiff to suffer from serious bodily injuries, medical expenses, lost wages,  
27 physical pain, mental anguish, diminished enjoyment of life, and other damages.

1 **FIRST CAUSE OF ACTION**

2 **STRICT PRODUCTS LIABILITY**

3 PLAINTIFF, FOR A FIRST CAUSE OF ACTION AGAINST INSTANT  
4 BRANDS, INC., ALLEGES AS FOLLOWS:

5 30. Plaintiff incorporates by reference each preceding and succeeding  
6 paragraph as though set forth fully at length herein.

7 31. At the time of Plaintiff's injuries, Defendant's pressure cookers were  
8 defective and unreasonably dangerous for use by foreseeable consumers, including  
9 Plaintiff.

10 32. Defendant's pressure cookers were in the same or substantially similar  
11 condition as when they left the possession of the Defendant.

12 33. Plaintiff and her family did not misuse or materially alter the pressure  
13 cooker.

14 34. The pressure cookers did not perform as safely as an ordinary consumer  
15 would have expected them to perform when used in a reasonably foreseeable way.

16 35. Further, a reasonable person would conclude that the possibility and  
17 serious of harm outweighs the burden or cost of making the pressure cookers safe.  
18 Specifically:

19 a. The pressure cookers designed, manufactured, sold, and supplied by  
20 Defendant were defectively designed and placed into the stream of  
21 commerce in a defective and unreasonably dangerous condition for  
22 consumers;

23 b. The seriousness of the potential burn injuries resulting from the product  
24 drastically outweighs any benefit that could be derived from its normal,  
25 intended use;

26 c. Defendant failed to properly market, design, manufacture, distribute,  
27 supply, and sell the pressure cookers, despite having extensive knowledge  
28 that the aforementioned injuries could and did occur;

- d. Defendant failed to warn and place adequate warnings and instructions on the pressure cookers;
- e. Defendant failed to adequately test the pressure cookers; and
- f. Defendant failed to market an economically feasible alternative design, despite the existence of economical, safer alternatives, that could have prevented the Plaintiff injuries and damages.

36. At the time of Plaintiff's injuries, Defendants' pressure cookers were defective and unreasonably dangerous for use by foreseeable consumers, including Plaintiff.

37. Defendant's actions and omissions were the direct and proximate cause of the Plaintiff's injuries and damages.

**WHEREFORE**, Plaintiff demands judgment against Defendant for and punitive damages according to proof, together with interest, costs of suit, attorneys' fees, and all such other relief as the Court deems proper. Plaintiff reserves the right to amend the complaint to seek punitive damages if and when evidence or facts supporting such allegations are discovered.

**SECOND CAUSE OF ACTION**  
**NEGLIGENT PRODUCTS LIABILITY**

PLAINTIFF, FOR A SECOND CAUSE OF ACTION AGAINST INSTANT BRANDS, INC., ALLEGES AS FOLLOWS:

38. Plaintiff incorporates by reference each preceding and succeeding paragraph as though set forth fully at length herein.

39. Defendant had a duty of reasonable care to design, manufacture, market, and sell non-defective pressure cookers that are reasonably safe for its intended uses by consumers, such as Plaintiff and her family.

40. Defendant failed to exercise ordinary care in the manufacture, sale, warnings, quality assurance, quality control, distribution, advertising, promotion, sale

1 and marketing of its pressure cookers in that Defendant knew or should have known  
2 that said pressure cookers created a high risk of unreasonable harm to the Plaintiff  
3 and consumers alike.

4 41. Defendant was negligent in the design, manufacture, advertising,  
5 warning, marketing and sale of its pressure cookers in that, among other things, it:

- 6 a. Failed to use due care in designing and manufacturing the pressure  
7 cookers to avoid the aforementioned risks to individuals;  
8 b. Placed an unsafe product into the stream of commerce;  
9 c. Aggressively over-promoted and marketed its pressure cookers through  
10 television, social media, and other advertising outlets; and  
11 d. Were otherwise careless or negligent.

12 42. Despite the fact that Defendant knew or should have known that  
13 consumers were able to remove the lid while the pressure cookers were still  
14 pressurized, Defendant continued to market (and continue to do so) its pressure  
15 cookers to the general public.

16 **WHEREFORE**, Plaintiff demands judgment against Defendant for and  
17 punitive damages according to proof, together with interest, costs of suit, attorneys'  
18 fees, and all such other relief as the Court deems proper. Plaintiff reserves the right  
19 to amend the complaint to seek punitive damages if and when evidence or facts  
20 supporting such allegations are discovered.

21 **THIRD CAUSE OF ACTION**

22 **BREACH OF EXPRESS WARRANTY**

23 **PLAINTIFF, FOR A THIRD CAUSE OF ACTION AGAINST INSTANT**  
24 **BRANDS, INC., ALLEGES AS FOLLOWS:**

25 43. Plaintiff incorporates by reference each preceding and succeeding  
26 paragraph as though set forth fully at length herein.

27 44. Defendant expressly warranted that its pressure cookers were safe and  
28 effective to members of the consuming public, including Plaintiff and her family.

1 Moreover, Defendant expressly warranted that the lid of the Pressure Cooker could  
2 not be removed while the unit remained pressurized. Specifically:

- 3 a. “As a safety feature, the lid is locked and won’t open until the float valve  
4 drops down.”<sup>16</sup>
- 5 b. “Instant Pot® has a safety feature to disable the cooker and the display  
6 will flash "Lid" if the lid is not positioned correctly.”<sup>17</sup>
- 7 c. “Once the lid is locked, and the contents are under pressure, there’s no  
8 way to open the pressure cooker.”<sup>18</sup>

9 45. Members of the consuming public, including consumers such as the  
10 Plaintiff, were the intended third-party beneficiaries of the warranty.

11 46. Defendant marketed, promoted and sold its pressure cookers as a safe  
12 product, complete with “safety measures.”

13 47. Defendant’s pressure cookers do not conform to these express  
14 representations because the lid can be removed using normal force while the units  
15 remain pressurized, despite the appearance that the pressure has been released,  
16 making the pressure cookers not safe for use by consumers.

17 48. Defendant breached its express warranties in one or more of the following  
18 ways:

- 19 a. The pressure cookers as designed, manufactured, sold and/or supplied by  
20 the Defendant were defectively designed and placed into the stream of  
21 commerce by Defendant in a defective and unreasonably dangerous  
22 condition;
- 23 b. Defendant failed to warn and/or place adequate warnings and  
24 instructions on its pressure cookers;

28 <sup>17</sup> *Id.* at 10.

<sup>18</sup> See <https://www.youtube.com/watch?v=bVA2EqPf0s0> at 1:22 – 143.

- 1 c. Defendant failed to adequately test its pressure cookers; and
- 2 d. Defendant failed to provide timely and adequate post-marketing
- 3 warnings and instructions after they knew the risk of injury from its
- 4 pressure cookers.

5 49. Plaintiff used the pressure cooker with the reasonable expectation that it  
6 was properly designed and manufactured, free from defects of any kind, and that it  
7 was safe for its intended, foreseeable use of cooking.

8 50. Plaintiff's injuries were the direct and proximate result of Defendant's  
9 breach of its express warranties.

10 **WHEREFORE**, Plaintiff demands judgment against Defendant for and  
11 punitive damages according to proof, together with interest, costs of suit, attorneys'  
12 fees, and all such other relief as the Court deems proper. Plaintiff reserves the right  
13 to amend the complaint to seek punitive damages if and when evidence or facts  
14 supporting such allegations are discovered.

15 **FOURTH CAUSE OF ACTION**

16 **BREACH OF IMPLIED WARRANTY OF MERCHANTABILITY**

17 PLAINTIFF, FOR A FOURTH CAUSE OF ACTION AGAINST INSTANT  
18 BRANDS, INC., ALLEGES AS FOLLOWS:

19 51. Plaintiff incorporates by reference each preceding and succeeding  
20 paragraph as though set forth fully at length herein.

21 52. At the time Defendant marketed, distributed and sold its pressure  
22 cookers to the Plaintiff in this case, Defendant warranted that its pressure cookers  
23 were merchantable and fit for the ordinary purposes for which they were intended.

24 53. Members of the consuming public, including consumers such as Plaintiff,  
25 were intended third-party beneficiaries of the warranty.

26 54. Plaintiff reasonably relied on Defendant's representations that its  
27 pressure cookers were a quick, effective and safe means of cooking.

28

1 55. Defendant's pressure cookers were not merchantable because they had  
2 the propensity to lead to the serious personal injuries as described herein in this  
3 Complaint.

4 56. Plaintiff used the pressure cooker with the reasonable expectation that it  
5 was properly designed and manufactured, free from defects of any kind, and that it  
6 was safe for its intended, foreseeable use of cooking.

7 57. Defendant's breach of implied warranty of merchantability was the direct  
8 and proximate cause of Plaintiff's injury and damages.

9 **WHEREFORE**, Plaintiff demands judgment against Defendant for and  
10 punitive damages according to proof, together with interest, costs of suit, attorneys'  
11 fees, and all such other relief as the Court deems proper. Plaintiff reserves the right  
12 to amend the complaint to seek punitive damages if and when evidence or facts  
13 supporting such allegations are discovered.

14 **FIFTH CAUSE OF ACTION**

15 **BREACH OF IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR**  
16 **PURPOSE**

17 PLAINTIFF, FOR A FIFTH CAUSE OF ACTION AGAINST INSTANT  
18 BRANDS, INC., ALLEGES AS FOLLOWS:

19 58. Plaintiff incorporates by reference each preceding and succeeding  
20 paragraph as though set forth fully at length herein.

21 59. Defendant manufactured, supplied, and sold its pressure cookers with an  
22 implied warranty that they were fit for the particular purpose of cooking quickly,  
23 efficiently and safely.

24 60. Members of the consuming public, including consumers such as Plaintiff,  
25 were the intended third-party beneficiaries of the warranty.

26 61. Defendant's pressure cookers were not fit for the particular purpose as a  
27 safe means of cooking, due to the unreasonable risks of bodily injury associated with  
28 its use.

**PRAYER FOR RELIEF**

**WHEREFORE**, Plaintiff demands judgment against the Defendant as follows:

- A. That Plaintiff has a trial by jury on all of the claims and issues;
- B. That judgment be entered in favor of the Plaintiff and against Defendant on all of the aforementioned claims and issues;
- C. That Plaintiff recover all damages against Defendant, general damages and special damages, including economic and non-economic, to compensate the Plaintiff for her injuries and suffering sustained because of the use of the Defendants' defective pressure cooker;
- D. That all costs be taxed against Defendant;
- E. That prejudgment interest be awarded according to proof;
- F. That Plaintiff be awarded attorney's fees to the extent permissible under Federal and California law; and
- G. That this Court awards any other relief that it may deem equitable and just, or that may be available under the law of another forum to the extent the law of another forum is applied, including but not limited to all reliefs prayed for in this Complaint and in the foregoing Prayer for Relief.
